

1213WCS1: For the WSC to hold a vote to remove all WB members from their positions in accordance with California Corporations Code, article 2, and replace them with up to 18 temporary WB members, serving a 2 year term, not to include any removed WB members.

Intent: We feel that the current world board members have failed to fulfill their general duties of:

1- not communicating all world service activity to our membership in accordance with the principles embodied in our 8th concept, by suggesting that all WSC discussion be hidden from all members of the fellowship except esc participants, and continuing to minimize what is captured in their WB minutes.

2- Not providing support and admimistration for all world services meetings by not working with regions to help ensure the regional propsals were CAR ready for the wsc and dishonestly informing regional delegates that their proposals were CAR ready.
